Issued under Public Act 2 of 1968, as amended.

Unit Name	Rolland Township	County	ISABELLA	Type	TOWNSHIP	MuniCode	
Opinion Date-Use Calendar	July 20, 2008	Audit Submitted-Use Calendar	July 23, 2008	Fiscal Year-Use Drop List	2008		

If a local unit of government (authorities & commissions included) is operating within the boundaries of the audited entity and is NOT included in this or any other audit report, nor do they obtain a stand-alone audit, enclose the name(s), address(es), and a description(s) of the authority and/or commission.

Place a check next to each "Yes" or non-applicable question below. Questions left unmarked should be those you wish to answer "No".

<input checked="" type="checkbox"/>	1. Are all required component units/funds/agencies of the local unit included in the financial statements and/or disclosed in the reporting entity notes to the financial statements?
<input checked="" type="checkbox"/>	2. Does the local unit have a positive fund balance in all of its unreserved fund balances/unrestricted net assets?
<input checked="" type="checkbox"/>	3. Were the local unit's actual expenditures within the amounts authorized in the budget?
<input checked="" type="checkbox"/>	4. Is this unit in compliance with the Uniform Chart of Accounts issued by the Department of Treasury?
<input checked="" type="checkbox"/>	5. Did the local unit adopt a budget for all required funds?
<input checked="" type="checkbox"/>	6. Was a public hearing on the budget held in accordance with State statute?
<input checked="" type="checkbox"/>	7. Is the local unit in compliance with the Revised Municipal Finance Act, an order issued under the Emergency Municipal Loan Act, and other guidance as issued by the Local Audit and Finance Division?
<input checked="" type="checkbox"/>	8. Has the local unit distributed tax revenues, that were collected for another taxing unit, timely as required by the general property tax act?
<input checked="" type="checkbox"/>	9. Do all deposits/investments comply with statutory requirements including the adoption of an investment policy?
<input checked="" type="checkbox"/>	10. Is the local unit free of illegal or unauthorized expenditures that came to your attention as defined in the Bulletin for Audits of Local Units of Government in Michigan, as revised (see Appendix H of Bulletin.)
<input checked="" type="checkbox"/>	11. Is the unit free of any indications of fraud or illegal acts that came to your attention during the course of audit that have not been previously communicated to the Local Audit and Finance Division? (If there is such activity, please submit a separate report under separate cover.)
<input checked="" type="checkbox"/>	12. Is the local unit free of repeated reported deficiencies from previous years?
<input checked="" type="checkbox"/>	13. Is the audit opinion unqualified?
	14. If not, what type of opinion is it? <input type="text" value="NA"/>
<input checked="" type="checkbox"/>	15. Has the local unit complied with GASB 34 and other generally accepted accounting principles (GAAP)?
<input checked="" type="checkbox"/>	16. Has the board or council approved all disbursements prior to payment as required by charter or statute?
<input checked="" type="checkbox"/>	17. To your knowledge, were the bank reconciliations that were reviewed performed timely?
<input checked="" type="checkbox"/>	18. Are there reported deficiencies?
	<input type="checkbox"/> 19. If so, was it attached to the audit report?

General Fund Revenue:	<input type="text" value="\$138,460"/>
General Fund Expenditure:	<input type="text" value="\$217,741"/>

INDEPENDENT AUDITORS' REPORT

Members of the Township Board
Township of Rolland
Isabella County, Michigan

I have audited the accompanying financial statements of the governmental activities and the aggregate remaining fund information of the Township of Rolland, Michigan, as of and for the year ended March 31, 2008, which collectively comprise the Township's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Township of Rolland, Michigan's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

Since it was not practical to extend my auditing procedures into the prior unaudited year, I am unable to express an opinion on the consistency of application of accounting principles with the preceding year.

Township of Rolland
Independent Auditors' Report
Page Two

In my opinion, except for the effects of the omission of the information mentioned in the preceding paragraph, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the aggregate remaining fund information of the Township of Rolland, Michigan, as of March 31, 2008, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The financial statements referred to above do not include the Management Discussion and Analysis, which is required supplementary information and should be included in order to conform with accounting principles generally accepted in the United States of America.

Barry E. Sandell, CPA, PLLC

July 20, 2008

Township of Rolland
Notes to the Financial Statements
March 31, 2008

I. Summary of significant accounting policies

The financial statements of the Township of Rolland (the Township) have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Township's accounting policies are described below.

A. Reporting entity

The Township is governed by an elected five-member board. The accompanying financial statements present the Township's operations for which the government is considered to be financially accountable. The Township has no component units and is not responsible for any jointly governed organizations.

B. Government-wide financial statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the Township. For the most part, the effect of the interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from the goods, services or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

I. Summary of significant accounting policies (Continued)

C. Measurement focus, basis of accounting and financial statement presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provided have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Township considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgements, are recorded only when a payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Township.

The Township property tax is levied each December 1st on the taxable valuation of property (as defined by State statutes) located in the Township as of the preceding December 31st. Real property taxes not collected as of March 1st are turned over to Isabella County, which advances the Township 100% for the delinquent taxes.

The 2007 taxable valuation of the Township totaled \$30,172,632, on which ad valorem taxes levied consisted of .9643 mills for Township operating purposes and voted millage of .9643 mills for fire purposes. The fire millage is disbursed to the Millbrook-Rolland Township Fire Department and the operating millage is reported in the General Fund as current revenue.

I. Summary of significant accounting policies (Continued)

C. Measurement focus, basis of accounting and financial statement presentation (Continued)

The Township reports the following major governmental funds:

The *general fund* is the Township's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Township reports the following fiduciary funds:

The *tax collection fund* is used to account for resources held by the Township in a purely custodial capacity. Money in this fund is from current tax and special assessment collections. Timely distribution to the appropriate fund and local unit must be made in accordance with Section 43 of the General Property Tax Act.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

The Township did not have any proprietary funds.

When both restricted and unrestricted resources are available for use, it is the government's policy to use unrestricted sources first, then unrestricted resources as they are needed.

D. Assets, liabilities, and net assets or equity

1. Deposits and investments

The Township's cash and cash equivalents are considered to be cash on hand, demand deposits, short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the Township to invest in bonds and other direct and certain indirect obligations of the U.S. Treasury; certificates of deposit, savings accounts, deposit accounts, or depository receipts of a bank, saving

I. Summary of significant accounting policies (Continued)

D. Assets, liabilities, and net assets or equity (Continued)

1. Deposits and investments (Continued)

and loan association, or credit union, which is a member of the Federal Deposit Insurance Corporation, Federal Savings and Loan Insurance Corporation, or Nation Credit Union Administration, respectively; in commercial paper rated at the time of purchase within the three highest classifications established by not less than two standard rating services and which mature not more than 270 days after the date of purchase. The Township is also authorized to invest in U.S. Government or federal agency obligation repurchase agreements, bankers' acceptances of U.S. banks, and mutual funds composed of investments as outlined above.

2. Short-term interfund receivables/payable

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the balance sheet in the governmental fund financial statements.

3. Receivables and payables

All trade and property tax receivables are shown net of allowance for uncollectible amounts. Property taxes are levied on each December 1st on the taxable valuation of property as of the preceding December 31st. Taxes are considered delinquent on March 1st of the following year, at which time penalties and interest are assessed.

4. Capital assets

Capital assets, which include property, plant, and equipment are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Township as assets with an initial individual cost of more than \$500 and an estimated useful life in excess of two years. Such assets are recorded as historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

I. Summary of significant accounting policies (Continued)

D. Assets, liabilities, and net assets or equity (Continued)

4. Capital assets (Continued)

Property and equipment of the Township is depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	40
Machinery & equipment	7
Office equipment	5

5. Long-term obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities.

In the fund financial statements, governmental fund types, recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

The Township of Rolland does not have any long-term obligations.

6. Fund equity

In the fund financial statements, governmental funds report the reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

7. Comparative data/reclassifications

If the Township had an individual enterprise fund, comparative total data for the prior year would have been presented only in the fund financial statements in order to provide an understanding of the changes in the financial position and operations of these funds. Also, certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

II. Stewardship, compliance, and accountability

A. Budgetary information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. All annual appropriations lapse at fiscal year end.

The Township follows these procedures in establishing the budgetary data reflected in the financial statements:

1. The Supervisor submits to the Township Board a proposed budget for the fiscal year commencing on April 1. The operating budget includes proposed expenditures and the means of financing them. The level of control for the budgets is at the functional level as set forth in the combined statement of revenues, expenditures and changes in fund balances - budget and actual - GAAP basis - general funds.
2. Public hearings are conducted to obtain taxpayer comments.
3. Prior to April 1, the budget is legally adopted by the Township Board as a resolution pursuant to the Uniform Budgeting and Accounting Act (P.A. 621 of 1978). The Act requires that the budget be amended prior to the end of the fiscal year when necessary to adjust appropriations if it appears that revenues and other financing sources will be less than anticipated or so that expenditures will not be in excess of original estimates. Expenditures shall not be made or incurred, unless authorized in the budget, or in excess of the amount appropriated.
4. The Supervisor is authorized to transfer budgeted amounts between major expenditure functions within any fund; however, these transfers and any revisions that alter the total expenditures of any fund must be approved by the Township Board.
5. Formal budgetary integration is employed as a management control device during the year for the general fund and the capital improvement fund.
6. The budget as presented, has been amended. Supplemental appropriations were made during the year with the last one approved prior to April 1st.

II. Stewardship, compliance, and accountability (Continued)

B. Excess of expenditures over appropriations

For the year ended March 31, 2008, expenditures exceeded appropriations in the activities of fire, miscellaneous, and capital outlay (the legal level of budgetary control) of the general fund by \$612, \$218, and \$13,100, respectively. This overexpenditure was funded by the available fund balance in the general fund.

III. Detailed notes on all funds

A. Deposits and investments

Deposits

The Township's policies regarding deposits of cash are discussed in Note 1. The table presented below is designed to disclose the level of custody credit risk assumed by the Township based upon how its deposits were insured or secured with collateral at March 31, 2008. The categories of credit risk are defined as follows:

Category 1 - Insured by FDIC or collateralized with securities held by the Township (or public trust) or by its agent in its name.

Category 2 - Uninsured but collateralized with securities held by the pledging financial institution's trust department or agent in the Township's name.

Category 3 - Uninsured and uncollateralized; or collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the Township's name; or collateralized with no written or approved collateral agreement.

	Total Bank Balance	Custody Credit Risk			Total Carrying Value
		Category 1	Category 2	Category 3	
Demand deposits	\$ 34	\$ 34	\$	\$	\$ 34
Money market account	153,471	100,000	53,471		153,471
Certificates of deposit	100,000	100,000			100,000
Total	<u>\$253,505</u>	<u>\$200,034</u>	<u>\$ 53,471</u>	<u>\$</u>	<u>\$253,505</u>

III. Detailed notes on all funds (Continued)

A. Cash and investments (Continued)

Investments

The Township did not have any investments as of March 31, 2008.

A reconciliation of cash as shown on the statements of net assets follows:

Carrying amount of deposits	<u>\$ 253,505</u>
Cash and cash equivalents:	
General and capital improvement funds	\$ 253,505
Checks written in excess of deposits	<u>(-)</u>
Total	<u>\$ 253,505</u>

B. Receivables

The Township does not have any material receivables as of March 31, 2008

C. Capital assets

Capital asset activity for the year ended March 31, 2008 was as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>
Governmental activities:				
Capital assets, not being depreciated:				
Land & improvements	<u>\$ 20,000</u>	<u>\$ 15,800</u>	<u>\$ </u>	<u>\$ 35,800</u>
Capital assets, being depreciated:				
Buildings & improvements:				
Township hall	48,976			48,976

Governmental activities:	
General government	\$ 2,389
Public safety	<u>506</u>
Total depreciation expense-governmental activities	<u>\$ 2,895</u>

D. Interfund receivables, payables, and transfers

There were no interfund receivables, payables or transfers.

IV. Other information

A. Risk management

The Township is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; and employee injuries (workers compensation).

The Township has purchased commercial insurance for all risks of loss. Settlements claims have not exceeded coverages for each of the past three fiscal years.

IV. Other information (Continued)

B. Pension plan

The Township paid \$2,512 during the fiscal year 2007/08 to Municipal Retirement Systems, Inc. to fund a Money Purchase Pension Plan for participants effective July 1, 1993. This amount consists of contributions from both the Township (\$1,256) and participants (\$1,256) at 6.2 percent each.

The pension plan has:

- a) no minimum service requirement;
- b) all employees who have satisfied the eligibility requirements except other boards, commissions, part-time, seasonal and firemen are eligible;
- c) the Township shall annually contribute 50 percent of premiums or charges;
- d) immediate payoff is available;
- e) age requirement is 18 years old, and;
- f) vested 100% upon entering plan.

C. Subsequent events

On April 8, 2008, the Township Board voted to approve borrowing \$100,000 on a note for 10 years at 6.9% for the purpose of building a new fire station in Rolland Township.

On June 10, 2008, the Township Board voted to approve up to \$125,000 to the contractor and supplier of materials for the construction of the new fire station.

On June 16, 2008, the Township Board voted to pay \$129,259 as approximately half of the cost of the new barn to the contractor and supplier. The Board also, voted not to spend more than \$252,718 on the new fire station.

COMMENTS AND RECOMMENDATIONS

Members of the Township Board
Township of Rolland
Isabella County, Michigan

My examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

It was not necessary to make any comments or recommendations.

This letter supplements the information in the Financial Statements and Notes to Financial Statements. It is intended solely for the use of the Township Board and the Michigan Department of Treasury and should not be used for any other purpose.

Barry E. Gaudette, CPA, P.C.
